Transitional Kindergarten/TK* (5-Day)	Monday – Friday	\$335

**Accelerated PreK curriculum for Young 5's. Teacher recommendation form required for registration.*

Please Note:

- All classes attend 9:00 AM – 1:00 PM on their respective class schedule.
- A child must be the age of the class as of **September 1, 2022** to be eligible for enrollment in that class.
- A non-refundable, non-transferable registration fee (equivalent to one month's tuition) must be paid at the time of registration.
- An electronic or hard copy registration form and an EZ-EFT auto-drafting form must be submitted by Friday, January 28th to accompany and confirm the online registration process being offered to our current enrollment and church family on Monday, January 24th.
- Parents will be responsible for providing school supplies (as indicated on a school issued list) before preschool begins in September.
- A current immunization form or exemption must be provided by **August 1, 2022** (or at the time of registration if after August 1, 2022). This form must be received **PRIOR** to a child attending school and kept updated by the parent for the child to continue attending. If at any time a child's immunization form expires, the form will have to be updated prior to the child returning to school.
- A teacher recommendation is required for enrollment in a Transitional Kindergarten (Young 5's) class. Teachers provide recommendations and students are evaluated in January to finalize approval for TK registration. If your child is recommended for a TK class, your child's current teacher will reach out to make you aware of this opportunity. If you have interest in this program, we encourage you to contact your child's teacher ASAP and prior to registration. **DO NOT register online for TK without approval.** Any registrations received without the approved teacher recommendation will be removed, and parents will be contacted to select a different class option from any that are still available.
- Children attending 3-year and older classes are required to be toilet trained **PRIOR** to attending due to classrooms not having diaper changing stations and in compliance with our 2-adult rule for all classes. If a child is not toilet trained by his/her school start date, he/she will **NOT** be able to attend a 3-year or older class until trained. Parents will have the option of enrolling in a 2-year old class, if space is available, or deferring the child's start date until trained. However, to maintain enrollment in any class, the parent will be responsible for monthly tuition payments to reserve the child's spot.
- Children enrolled in toddler classes (ages 15 to 23 months are only eligible for one rotation – no more than 8 hours per week).
- Students with medical conditions and/or allergies that could necessitate the administering of medication during preschool hours must have a medication form completed and authorized by the child's doctor as well as the medication provided to

the school nurse **PRIOR** to the child attending school. Please be advised that for the safety of our students, no child with a medical condition will be allowed to attend until all documentation and meds have been received by our school nurse.

Flex Classes*

The 2/3-day 3's and 3/5-day PreK flex classes allow parents to choose a flexible schedule. Each flex class has a standard schedule with the option for additional regularly scheduled or routinely chosen days. The scheduled days and optional additional days for each class are as follows:

- 2/3-day 3's class: Standard schedule – Tuesday/Thursday; Optional – Friday;
- 3/5-day PreK class: Standard schedule – Monday/ Wednesday/Friday; Optional – Tuesday and/or Thursday;

The tuition for the flex class will be determined by the schedule chosen by the parent at the time of registration and altered if a parent coordinates a change to their child's attendance schedule with the Weekday Registrar. The details for the Flex classes are as follows:

- Introduction of all new curriculum concepts will happen on standard scheduled days.
- Additional flex days will be used to reinforce curriculum already introduced.
- If a 3-day or 4-day parent wants to send child an additional day at any time, they have that opportunity for an additional fee of \$25, which will be applied to the child's tuition account.
- If at any time a parent wants to change their child's base attendance schedule, they have that opportunity by contacting the Weekday Registrar. We ask that any permanent schedule changes be communicated prior to the 1st of a new month, so the new tuition amount can be applied at the beginning of new billing cycle.
- If choosing to add additional days to the 3/5-day PreK flex class schedule, parents can decide which weekday (Tuesday or Thursday) to add to the M/W/F schedule. For administrative records, an additional fee will not be applied when attending on that schedule. However, if attending the non-scheduled day, the \$25 fee would be applied.

For more information about our Flex Classes, please contact our Weekday Administrative Office.
